New Dimensions in Learning

Established: 1999

Touching New Heights

सा विद्या या हित प्रदा

Smt. Jankidevi

We pay obeisance to Smt. Jankidevi who took Samadhi on 31st January, 1999, at the age of 104 years.

We cherish her sacred memory that has inspired us to build Jankidevi Public School.

Mission Statement

Jankidevi Public School endeavours to provide activity oriented quality education which is student friendly, creating an international minded student community. We also emphasize on skill development to meet the needs of global education.

Chairman's Message

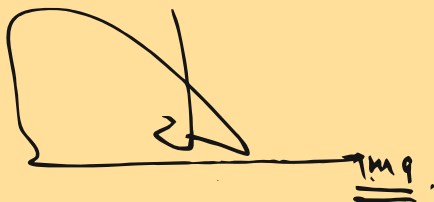

The world is changing rapidly and throwing up unprecedented challenges in every sphere of life. Rapid advancement in science and technology is necessitating innovative reforms in the education system.

A vision without action is only a dream and action without vision, a waste of efforts. However at Jankidevi Public School we are acting on a vision to build the next generation of successful citizens. We have an educational institution at Mumbai offering two different curriculae ICSE, ISC and IGCSE (Cambridge, UK) housing every facility required for a holistic education. Rededicating ourselves to our mission of carrying the radiating torch of education ahead, we are now offering the best educational facilities in the historical 'Pink City' of India – Jaipur and Dausa, Rajasthan. Our future projects are likely to come up at Udaipur, Jodhpur, Alwar, Chandigarh and Goa.

Our aim is to inspire the younger generation to launch themselves on a journey to discover of their own well being and the universe they are part of, thereby raising their consciousness and nurturing a love of learning and knowledge that will benefit them for the rest of their lives. We wish to encourage them to think independently, innovatively and decisively.

The management, teachers and students of our school are equal partners in the adventure of promoting progress of our future generation, reinforcing the cohesive nature of our multi cultural nation, the largest democracy in the world.

Jankidevi Public School has carved a distinct niche for itself with a succinct philosophy "Think big, think different, think fast, think ahead and aim for the best." I have always believed that grit and determination, combined with creative and critical thinking can help man achieve almost everything to make this world a better place. We are committed to stay abreast with the rapidly changing society, its educational needs and adapting ourselves to fulfill these requirements.

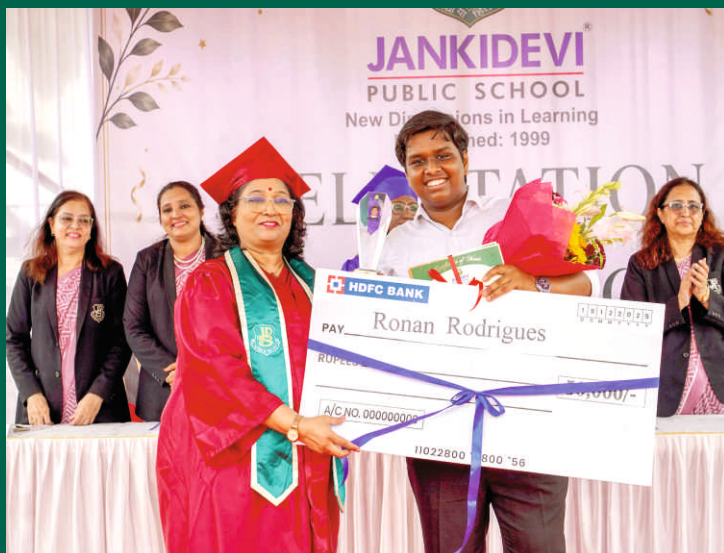

Narendra B. Verma
Founder Chairman

Jankidevi Public School celebrates outstanding CISCE & Cambridge board success

Jankidevi Public School has once again etched a distinguished mark of excellence with its outstanding performance in the CISCE. Upholding its legacy of academic brilliance, the school proudly celebrates the exceptional accomplishments of its students. At the forefront of this remarkable achievement stands Master Ronan Rodrigues, the school topper, who secured an extraordinary 99.60%, attaining the 3rd rank at the All-India level, followed closely by Master Aarya Agrawal with an impressive 99.40%, securing the 4th rank nationally, bringing immense pride, honour and recognition to the institution.

Master Ronan Rodrigues – All India level 3rd Rank

Master Aarya Agrawal – All India level 4th Rank

Their stellar performances reflect unwavering dedication, perseverance, and academic excellence. The school also takes immense pride in the commendable performance of its ISC (Std. XII) students. Leading the cohort, Miss Kemaya Noronha in the 1st position followed by Miss Mishka Castellino and Miss Lakeesha Negi. In Cambridge Section IGCSE Grade X, Master Dev Mishra secured 1st position with A* in all subjects followed by Miss Chitrakshi Bhandari also with A* in all subjects. Their achievements stand as a testament to the robust academic framework of our school, progressive learning environment, and the relentless dedication of its educators.

This exceptional success is the result of relentless effort, meticulous preparation, and an unwavering pursuit of excellence by the teachers. It also reflects their tireless dedication, expertise, and mentorship, whose guidance inspired students to attain remarkable heights of achievement. Their steadfast encouragement and support of parents further played an indispensable role in shaping these outstanding outcomes.

Under the visionary leadership of Founder Chairman Mr. Narendra Verma, Jankidevi Public School continues to uphold its commitment to holistic education through world-class infrastructure and enriching co-curricular opportunities.

The Chairman giving best wishes to the Indian Cricket Team who played World cup finals at Johanassburg (South Africa)

Jankians representing our country at Paris World Games

Meraki Interschool Sports Competition

Student Council

Frank Anthony Memorial Debate Competition being hosted in JPS

Our Presence Today

Jankidevi Public School is an architectural marvel, and a colourful imposing landmark, at Four Bungalows, Andheri (West). The school is run on the recent educational concepts and techniques, stressing on interactive teaching methodology, which includes seminars, group discussions, presentations and social visits. It propagates moral values and imparts quality international education to meet global needs. Activity oriented education along with extra curricular and co-curricular activities provides a happy environment full of enriching experiences. Parental co-operation at every level is desired for promoting the growth and development of the students in academic, social and cultural activities. We strive to develop among our students, a sense of identity, competence and compassion for others. Our goal will be ever widening in times to come. A complete, secured and inspiring environment awaits our students at Jankidevi Public School. The highly qualified, experienced and motivated teachers, Co-ordinators, Section Heads and Principal strive for the overall growth of each student.

Constant Surveillance

Nurturing with care

We not only care for our students while they are in the school but also while commuting. Special attention is given to complete security of the students by providing specially designed, well-ventilated buses equipped with CCTV Camera, GPS System, Notification system, seat belts, emergency exits, extra hydraulic steps for young toddlers, fire extinguishers, a well equipped medical kit and lady conductors.

Bus service is compulsory for school students except for those who commute by their own vehicles or those who go walking. The details of the bus fees is available with the bus department.

The bus service is not available beyond the limits listed below:

- | | |
|---------------------------------|--------------------------------------|
| (a) Chincholi Bunder, Malad (W) | (b) Sunder Nagar, Goregaon S.V. Road |
| (c) Bus Depot JVPD | (d) Juhu Galli |

No bus service will be available for Andheri (E), Jogeshwari (E), Goregaon (E), Malad (E) & Vile Parle (E). Parents seeking admission from beyond the above mentioned limits will have to make their own arrangement for transport.

Safety measures

- **Two elevators** with a capacity of 15 persons each and two staircases are thoughtfully provided for easy dispersal as well as quick evacuation of the students in case of an emergency.
- **Fire extinguishers** on every floor & fire fighting equipment cordoning the entire building ensures all-round safety in case of an outbreak of fire.
- **Hygienically prepared food** and pure-filtered drinking water periodically tested in an authorized laboratory is provided in the school.
- **A doctor** on call and an in house **nurse** to attend the students in times of any untoward accident or ill-health.
- **Counsellors** are available to help students with emotional or behavioural problems.
- **Atrium** is fortified with safety net.
- **CCTV Cameras** are installed in the classrooms, corridors and all gates. Constant monitoring is done by our staff.

Forever Evolving :

Nothing is constant, but change.

At Jankidevi Public School we are constantly prepared to deal with this change.

The school which started in the year 1999 as a co-ed school under the SSC Board, quickly adapted to the new academic challenges, spurred by the ever-changing scenario in the field of education. It changed from SSC to ICSE in the year 2006 to reflect its broader educational scope, introduced IGCSE in the year 2007 and also ISC in the year 2015. Jankidevi Public School is a 'Hub of knowledge'.

Importance is given, not only to imparting quality education, but the learning process itself is carefully designed, and evolving constantly, incorporating the latest and best facilities which define good quality education.

The history of JPS is replete with the achievements and honours conferred upon the students over the years.

LED boards have been in use for years now, the benefits of which are seen through enhanced understanding of subjects by means of simulative learning which is effective and enriching. All classrooms are equipped with LED boards which are the latest technology. The young minds relate to learning with the use of advanced technology better than without it, as it exposes them to a wide world of knowledge.

With a foundation of excellence, JPS is poised to continue providing an exceptional educational experience for its students, preparing them to be the leaders and thinkers of tomorrow.

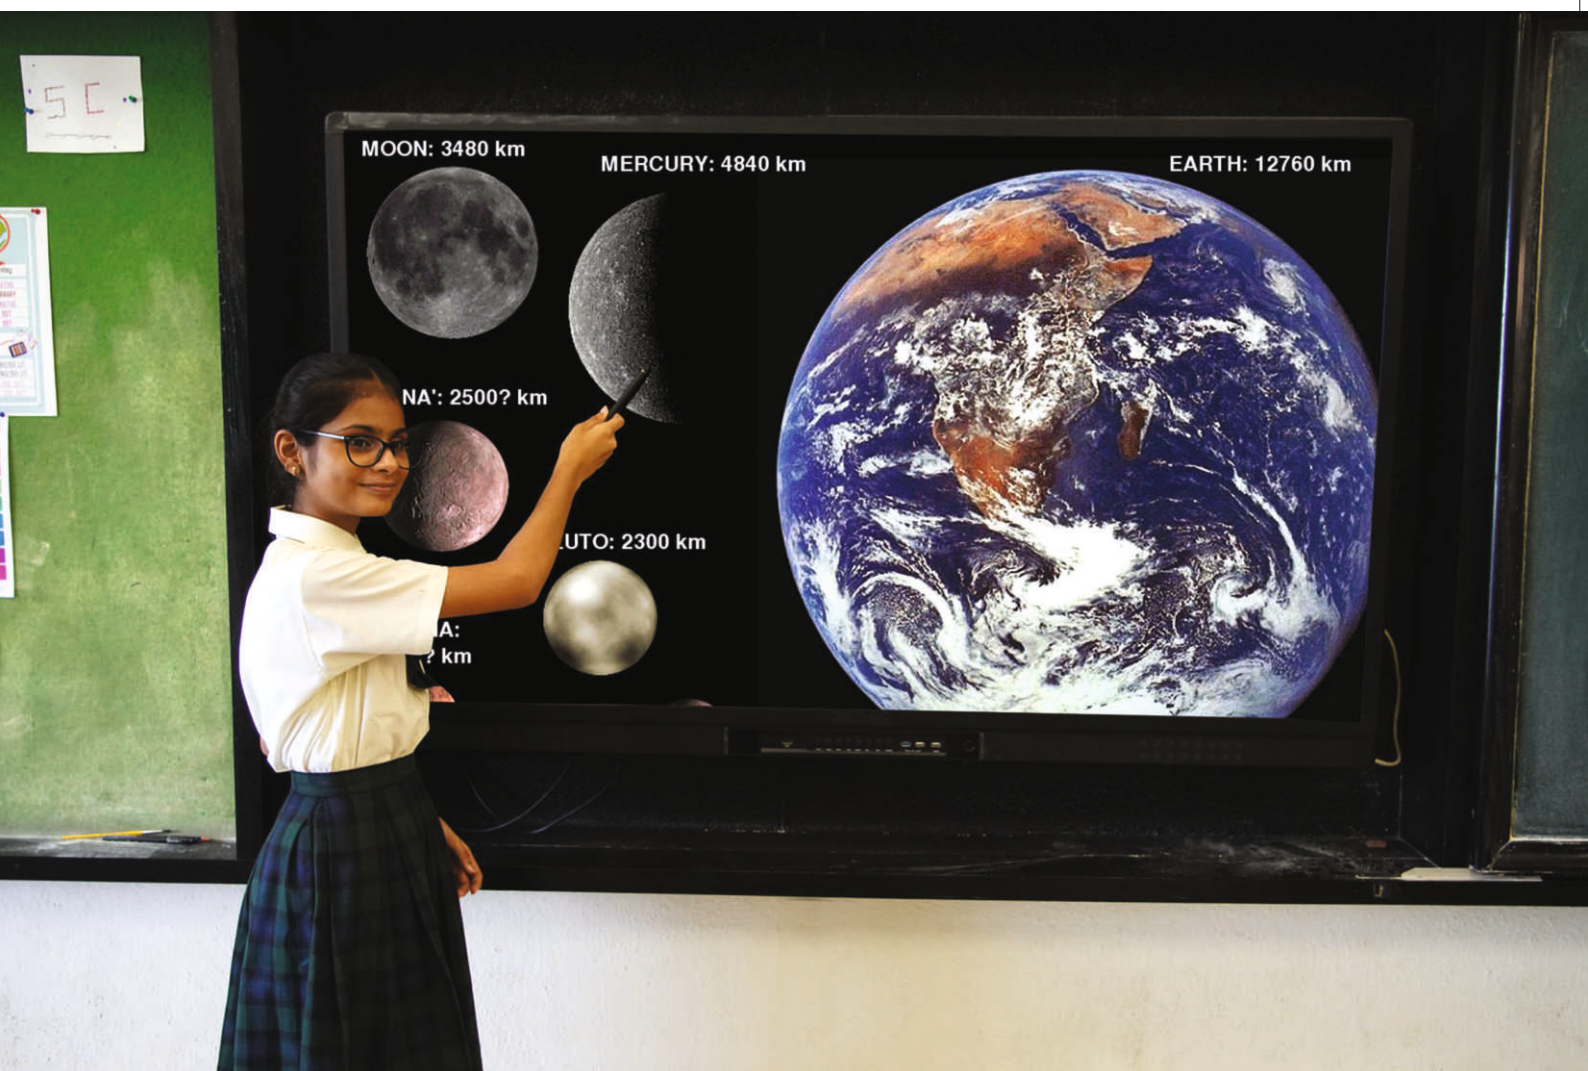

Gaining Knowledge Today, to Stand Tall Tomorrow.

Constant efforts towards upgradation in education make us different. While strictly following the syllabus prescribed by the Council for the Indian School Certificate Examination (CISCE), the school ensures that learning becomes a pleasant experience. Subjects like Art, Craft, Music, Dance, Games, Swimming, Martial Arts, Gymnastics, Computer Education, Spell Bee, Value Education & General Knowledge help to refresh the minds by breaking the monotony of the hardcore subjects. Gyansthan Drama & Speech Programme designed by Cyrus Broacha, is a Language Development Programme allocated in the time table. It is conducted by qualified trainers. It helps children to enhance their overall personality, through effective verbal skills. An improvised IT syllabus which includes concepts like animation and graphics makes computer studies interesting and challenging. Mass Media and Communication is introduced as a subject to enhance the communication skills of our students to prepare them for the very competitive world of today.

Today's modern and competitive world demands that we broaden the horizon of our learners. Robotics is a part of the curriculum which has been included in the class time table from classes Sr.Kg to VIII. The curriculum is designed to encourage activity based learning by getting an all-round experience of robotics. It is designed on the basis of National Education Policy (NEP 2020) which provides the real time experience and equips students with 21st century skills.

'JPS We Kids Radio' gets worldwide recognition, featured in an International Documentary listed by UNESCO archived by National Film Archive of India (Government of India).

We help our students to sharpen their life skills by offering various activities.

PRIMARY SECTION

Cultural Activities: Shiamak Dance Education, Kathak, Karate, & Gyansthan Speech & Drama Programme.

SECONDARY SECTION

Elementary & Intermediate Drawing Classes (Optional)

HOBBY CLASSES ON WEEKENDS

Kathak, Western Dance, Guitar, Keyboard, Football, Basketball, Cricket, Swimming & Skating.

JPS WE KIDS RADIO

Jankidevi Public School Mumbai stands absolutely unique with a radio station studio for an exclusive Mass Media and Communication program from Std. 1 to 10. Every single student learns the art of communication with media skills and practically produces media shows! Our students Radio Station - JPS We Kids Radio is a popular media venture. Entire world can access it online on www.wekidsnetwork.com/jpsradio

Simplifying Learning for the Tender Minds.

Pre-Primary Section - Playgroup to Sr. KG

A plethora of activities along with the best educational facility, is what awaits our young toddlers in the beginning of their learning stage. Spacious, bright and well ventilated classrooms with colourful furniture provide an attractive and comfortable ambience. Equipments are regularly updated and upgraded to suit the requirements of the students.

The Interiors of the Pre-Primary Section were revamped in the year 2022 in order to accommodate all the latest amenities, to keep up with the new and improved trends for the section.

The student-teacher ratio is 10:1 for Playgroup, 16:1 for Nursery and 18:1 for Jr. KG & Sr. KG, along with one maid per class, thereby helping each child to progress at his/her own pace. Children enjoy activities like playing with educational toys, puzzles, blocks and stuffed toys in a very comfortable atmosphere in the large playroom with cushioned mattresses. Since music and dance play an important role in thinking creatively, Pre-Primary section has a special Music room. We also have a specially designed and well equipped Library and a Computer Room for the Pre-Primary section. Field-trips organized on a regular basis, provide opportunities to learn by experience. Special days like Recitation Day and Smiling Day help to bring an all round growth and development of children. Birthdays are celebrated by lighting candles, cutting a dummy cake and clicking photographs, making each child feel special. A specially designed Baby Pool is added to school's already magnificent infrastructure.

2. Physical Education
3. Art
4. Mass Media and Communication
5. Robotics and Artificial Intelligence

Note : Socially Useful Productive Work (SUPW) will be a compulsory 'Graded subject'.

INDIAN SCHOOL CERTIFICATE (ISC)

The Council for the Indian School Certificate Examinations (CISCE) is a private, non-governmental board of school education in India.

It was established in 1958 by the University of Cambridge Local Examinations Syndicate with the assistance of the Inter-State Board for Anglo-Indian Education. The Council conducts three examinations in India - the Indian Certificate of Secondary Education (ICSE), the Indian School Certificate (ISC) and the Certificate in Vocational Education Examination (CVE).

The Indian School Certificate (ISC) is an examination conducted by the Council for the Indian School Certificate Examinations for Class XII. A student usually attempts this examination after first completing Class 10 from the Indian Certificate of Secondary Education or any equivalent board. The examination has been designed to provide an evaluation through the medium of English, in accordance with the recommendations of the New Education Policy 2020.

The Indian School Certificate (Class XII) is recognised by UK universities and other overseas Universities in the Commonwealth. The Indian School Certificate qualification is the only qualification from India that has been granted this special recognition.

The Indian School Certificate (Class XII) is treated equivalent to Higher Secondary Certificate or Pre-University Certificate or Pre-Degree Certificate in Indian Universities for admission to all University Graduate Studies, including professional studies.

Subjects Offered for ISC

Compulsory for all streams :
Modern English,
Socially Useful Productive Work (Graded Subject)

Learning is Fun

The Cambridge International Education (CIE) is a part of the Cambridge Assessment Group. Cambridge Assessment is the brand name of the University of Cambridge Local Examinations Syndicate, a department of University of Cambridge. It is the world's largest provider of International qualifications. CIE operates in many countries around the world offering school qualifications such as Cambridge Primary, Cambridge Secondary 1, Cambridge Secondary 2 and higher qualifications like AS (Advanced Subsidiary) and A (Advanced) Levels recognized by educational institutions and employers across the globe.

Jankidevi Public School endeavours to run an integrated multidisciplinary curriculum comprising of Language Skills, Mathematical Concepts, Scientific Exploration, Motor Activities and Creative Arts. In keeping with this, the school is offering Cambridge curriculum from KG-I to Grade X.

The syllabus, the programme material, the teaching methodologies and examinations are as per the guidelines laid by CIE, thus ensuring the same quality standards experienced by students all over the world. The learner-educator ratio is 15:1 for KG I and II, 30:1 for Grade I and II and 35:1 from Grade III onwards.

Large air-conditioned classrooms, with a bright cheerful ambience and specially designed furniture facilitate a stress free learning environment. Interaction between teachers and students is cordial and enriching. Cambridge Section has a separate block, teaching staff, laboratories, library and staff room.

The curriculum encourages not just acquisition of knowledge but also promotes independent, critical, creative and analytical thinking.
